Weather Forecast.

For North Carolina—Showers and cooler Thursday. Friday fair, fresh west winds.

A great many peart Pearygraphs are now being written about the Arctic explorer.

And now Cheatham has taken the Hyde off the Agricultural Department.

A woman employe is charged with selling the secrets of the Agricultural Department. What are we coming to when women begin to place value on a secret?

The story that a Savannah negro stole a red-hot stove is a warm number, and we call for an "affidavy." The probability is that he stole a loaded ice wagon.

In Death's Valley, California, the thermometer has scored 140 in the shade during the past few days. Still the preachers tell us that there are worse places to go to than Death's Valley.

"What's the matter with the Republican party in these days of graft and scandal?" asks an exchange. Nothing at all. It is the same old party of high ideals and ignoble principles.

The Charleston News and Courier says: "Mr. Depew's relations with the Equitable leave no doubt that he is of the clingstone variety." Entirely superfluous. Did anybody ever take Chauncey for a soft peach?

Thos. F. Ryan denies that he has any intention of entering the race for United States Senator in Virginia. We blame no man for hesitating to pass through the fiery furnace that lies between an aspirant and a Virginia senatorship.

It is said that the mutiny in Russia's Black Sea fleet is almost a closed incident. Half of the mutineers have been shot and the other half or some of their friends will soon be shot just to conclude the programme. The mutineers didn't act with anything like horse sense.

—In an exciting game of juvenile baseball yesterday afternoon the D. S. D. team was defeated by the N. S. G.'s in a score of 6 to 5. Davis and Burton, for the winners, and Loder and Wessell, for D. S. D., were the batteries. Up until the ninth inning the D. S. D. team had their opponents defeated but in the last inning N. S. G. piled up three runs and won.

—Near the compress yesterday afternoon about 3 o'clock, Capt. W. A. Snell, the veteran steamboat man, was overcome by heat and fell to the sidewalk. Capt. Snell's fall was observed by several persons who called a carriage and sent him to his home on Church street. He sustained a painful cut on the head by the fall but was otherwise reported doing very well last night.

Interest to Dog Owners.

Many owners of dogs imagine that it is quite time enough to buy tags for their canines when they have fallen into the meshes of the dog cart net. Chief Williams and the police are disabusing the public mind of this common fallacy. Owners who fail, neglect or refuse to purchase tags for their dogs are liable to indictment and punishment by fine not exceeding $20. The law in this regard is being enforced. Three owners of dogs were before the Mayor in the police court yesterday and were taxed with the costs in each case in addition to being required to purchase tags.

Before The Mayor Yesterday.

The docket in the Mayor's court yesterday was a little heavier than usual. George Tyson, a colored youth, charged with throwing stones in the street, was given 30 days to indulge his passion in this respect at the rock quarry at Castle Haynes. Charlotte Hargett, charged with stabbing Ed. Hall, the young negro sent to the hospital before day yesterday morning, was bound to Superior Court and went to jail in defaul of $100 bond. Ed. Perry, charged with an assault with a deadly weapon, was also held for the Superior Court and being unable to give bond, was committed to jail.

A Watermelon Wreck.

Yesterday's Florence Times says: "There was a serious wreck of a freight train on the Coast Line near Strawberry about thirty miles this side of Charleston, yesterday evening about 7 o'clock. The freight was heavily loaded with melons and when coming over a small trestle, the trucks of a car jumped the track causing the train to break through the trestle and tear up about 3,000 feet of track. Ten cars were demolished and watermelons were scattered all over the place for some distance around. Nobody was hurt."

Y. M. C. A. in Camp.

Mr. G. C. Huntington, Interstate Secretary of the Y. M. C. A., arrived yesterday and has arraigned to have on the grounds at Wrightsville during the encampment this week a Y. M. C. A. tent where writing material and literature will be kept for those of the soldiers who desire to make use of the convenience. The idea is a clever one, and brings into prominence the practical side of Y. M. C. A. life.

ENCAMPMENT TO-DAY

Second and Third Regiments State National Guard, Arrive This Afternoon

THREE MILITARY SPECIALS

Two Companies on Regular Train This Morning and Others on Specials This Afternoon—Governor and Party.

The shriek of the locomotive whistle, the roar of approaching military trains, the roll of the drum, the sound of the bugle blast, the tramp of khaki-uniformed soldiery and the annual encampment of the North Carolina National Guard will be in full swing at Wrightsville Sound early this afternoon. Special details of two men from each of the twenty-two companies of the Second and Third regiments arrived yesterday and were busy all day in laying off the grounds and making all else ready for the coming of their comrades today. The grounds are in excellent condition, tents and all other paraphernalia are on hand and a thousand men will slumber peacefully tonight, fanned by old ocean's cooling breezes at Summer Rest. The encampment, with anything like favorable weather conditions, will be a magnificent success. It cannot be less. With a more compact organization and more stringent regulations under the Dick Bill and an administration by experienced and competent officers, the encampment will be decidedly more military and more systematically conducted than ever before with a corresponding profit and satisfaction to the rank and file throughout.

The encampment will be in command of Brigadier General J. F. Armfield, of Statesville, who arrived yesterday and went through to the beach, while the Second Regiment will be commanded by Col. H. C. Bragaw, of Washington, N. C., who arrived Tuesday, and the Third by Col. J. N. Craig, of Reidsville, who will arrive to-day. A large number of officers in the quartermaster general and commissary departments arrived yesterday in advance and everything in connection with the subsistence of the troops has been carefully and systematically looked after.

Gen. Armfield was accompanied on his arrival yesterday by Alfred Armfield, of Statesville, and Assistant Adjutant General R. L. Leinster, of Hamlet.

The first of the companies to arrive will be from Goldsboro and Clinton. They will reach here on the regular train from the north at 10:10 A. M. to-day and will be met at the A. C. L. station by two special suburban cars and taken straight through to the camp. The remainder of the companies will arrive on special trains over the A. C. L. and S. A. L. roads and will be taken straight through on the steam cars over the Consolidated tracks. A special from Tarboro over the A. C. L., will arrive at 2 P. M. and another over the A. & Y. from Sanford will arrive at 1:30 P. M. The special over the Seaboard Air Line is due here at 12:50 P. M. The Wilmington Light Infantry is ordered to report at the armory at 2 P. M. and to be in readiness to leave for the grounds at 3 P. M. Capt. Robertson, with one or two exceptions, will carry into camp his full enlistment. One or two employers—notable exceptions—have not yet agreed to give leaves of absence to make full ranks of 46 officers and men but it is sincerely hoped that at the last moment they will relent. Commissary Sergeant Hall Whitney will look after his important department to the welfare of the "home boys." As usual Wilmington will make a very creditable showing in the encampment. Among the officers will be Lieutenant Colonel T. C. James, of the Second Regiment; Col. C. H. White, inspector of small arms practice; Capt. J. VanB. Metts, regimental adjutant, and Lieutenant E. A. Metts, battalion adjutant.

The Governor's Arrival.

Governor R. B. Glenn and party who wil spend encampment week at the Seashore Hotel, will arrive this morning on the same train with the Goldsboro and Clinton companies. The distinguished visitor will be met at the station by President W. B. Cooper, and members of the Board of Directors of the Merchants' Association, with other prominent citizens. A special car of the Consolidated Company will be in waiting and the Governor and party will be accompanied at once to the beach.

Service on Consolidated.

The service on the Consolidated Company during encampment will be the best that it is possible to make. Double-headers will be operated all the time on the regular schedule and a steam train will be operated from the camp grounds to the southern end of the beach. To those who desire to go to the encampment, instead of to the beach, the trestle transfer attached to the regular 35 cents tickets on the line will be accepted for wagonette fare from Wrightsville to the camp grounds. This will apply to the transfer service operated between the station and Summer Rest by the S. J. Davis Livery Company.

Special From Fayetteville.

Yesterday afternoon's Fayetteville Observer has the following:

"A committee of the F. I. L. I. Grays, retired and honorary soldiers and other citizens are hard at work trying to secure from the A. C. L. a special train to be run from here to Wilmington and the encampment at Wrightsville on Sunday next, leaving here at 7 o'clock A. M. and returning that night. If the A. C. L. accedes to the request, it is said that one hundred and fifty or more will take advantage of the trip. The committee is now in correspondence with the Coast Line officials about the matter, calling their attention to the ease with which a train can be gotten up, as two shoo-fly trains lay over here Sunday, and these could be used for the excursion."

RECEPTION TO GOVERNOR

Delightful Affair To-Morrow Night at Seashore Hotel, Wrightsville Beach.

All arrangements are complete for the reception which will be given tomorrow night from 9 to 10 o'clock at the Seashore Hotel, Wrightsville Beach, in honor of Governor Glenn and party, who will arrive to-day. The public is cordially invited to join the Merchants' Association in the enthusiastic welcome to the chief executive.

The following committee from the Merchants' Association has the reception in charge: W. B. Cooper, Col. T. C. James, Col. Walker Taylor, Capt. W. F. Robertson, Capt. A. P. Adrian, Lieut. H. M. Chase, M. H. F. Gouverneur, Z. W. Whitehead, Marcus W. Jacobi, L. B. Rogers, and John H. Rehder.

Cooper, Marcus W. Jacobi, John D. Bellamy, E. C. Holt, J. A. Taylor, L. B. Rogers, J. H. Rehder, Z. W. Whitehead, G. Herbert Smith, C. W. Worth, T. C. James, A. M. Waddell, W. F. Robertson, B. RABBIT CAUSED TROUBLE.

Sound Negro Forgot Himself in Excitement of the Chase.

When, with hound and gun, a gentleman of color is in close pursuit of a rabbit, one of the molly cotton-tail variety, is he liable for trespass upon the lands of another, even though he has been forbidden to enter thereupon?

That interesting question of law and custom will come up for decision before Justice Furlong at 5 o'clock this afternoon and the outcome will be watched with eagerness as establishing the colored man's prerogative in such an emergency. Ed. Suggs and Frank Hill, brothers-in-law, live on adjoining tracts of land in the country between Wrightsville and Greenville Sounds and are not on the best of terms. Hill forbade Suggs from entering upon his land. A day or two ago Suggs' hound jumped a rabbit and Suggs was in close pursuit when the rabbit crossed to the lands of Hill. Suggs could not resist the temptation and, ignoring all orders to the contrary, he went after the rabbit. Hill met him and told him to get back. Words ensued and Hill alleges that Suggs drew a gun on him. A warrant was sworn out by Hill before Justice Furlong, charging his brother-in-law with not only forcible trespass, but an assault with a deadly weapon. Constable Savage went down to the Sound yesterday afternoon and arrested Suggs. The hearing will be at 5 o'clock this afternoon. Herbert McClammy, Esq., has been retained to prosecute the case and Suggs will probably be represented by ex-Judge E. K. Bryan.

THE WEATHER YESTERDAY.

Maximum Temperature Was 91—Other Reports from Districts.

Reading of the heat prostrations in New York and other cities the day before caused many to observe the weather yesterday rather closely with the comment that there were some other places on the map enjoying a sun bath besides New York. In Wilmington it was quite hot, the maximum reading of the temperature having been exactly the same as the day before—91 degrees. The humidity, however, was greater yesterday than on the day before and the mean temperature for the day, the general average, so to speak, was one degree higher. As early as 8 o'clock yesterday morning, the mercury was up as high as 80 and at 8 o'clock at night it was 81. It was good, steady hot all day.

Still with all the talk of heat, Wilmington remains the coolest spot on the map so far as the district is concerned. While the maximum at Wilmington for the 24 hours ended yesterday morning was 91 degrees, other stations report as follows: Charlotte 92, Cheraw, S. C., 92, Florence, S. C., 97, Goldsboro 93, Greensboro 94, Lumberton 95, Newbern 93, Raleigh 94, Weldon 96. The average for the district was 93.9 or nearly three degrees higher than recorded at Wilmington.

"Aunt" Charlotte Davis Dead.

"Aunt" Charlotte Davis, an old colored woman of ante-bellum days, died yesterday. She was a familiar figure for many years about the old and subsequently the new city market where she sold vegetables and produce for a livelihood. She was stricken with paralysis yesterday morning about 6:30 o'clock and died before noon. She enjoyed the respect and esteem of the best people of both races and her taking away will be generally regretted. She leaves four children and a number of grandchildren and great grandchildren. She was a faithful member of St. Stephen's A. M. E. church, and was prominent in all the work of the church.

The Mid-Week Dance.

In spite of the threatening clouds when the steamer Wilmington left the pier last night, a large number of young people went to Carolina Beach for the mid-week dance there, and all report a delightful affair. The music was good and a large number of dancers were on the floor.

ATTACHED FUNDS

Atlanta Bank After Effects of Darlington Trust Company in Wilmington

PAPERS SERVED YESTERDAY

South Carolina Concern Owes Georgia Institution $8,000—Suit Brought in New Hanover Superior Court to Recover Amount.

The Third National Bank of Atlanta to whom the defunct organization is indebted $8,089.12 on yesterday through its attorney, Hon. John D. Bellamy, and upon affidavit of its cashier, Mr. Joseph A. McCord, attached the funds of the Darlington Trust Co., of Darlington, S. C., in the hands of the Atlantic National Bank of this city. What is the amount of the funds held by the Wilmington bank for the Darlington concern is not known, but whatever there is will remain in the hands of the court now until the term to be held here next week. In the crash of the trust company and cotton seed oil enterprise at Darlington about ten days ago, the Atlantic National Bank, by judicious forethought, found itself on the right side of the credit sheet and hearing of this, the Atlanta bank took advantage of the attachment proceeding to recoup at least a part of its losses.

The title of the proceeding is The Third National Bank of Atlanta, Ga., against the Darlington Trust Company and upon affidavit of Cashier McCord, who came to Wilmington to look into the matter personally, it is alleged that the defeendant Darlington Trust Co., is indebted to the plaintiff in the sum of $8,889.12; that the plaintiff is about to commence an action in the Superior Court against the defendant and has issued summons therein; that the Darlington Trust Co., is a non-resident, has property in this State and cannot after due diligence be found in this State and that a cause of action exists in plaintiff's favor against the defendant.

The attachment was served at 1:45 P. M. by Sheriff Stedman upon President Jno. S. Armstrong, of the Atlantic Bank, and bond in the sum of $1,000 was given by the plaintiff. The levy was upon any and all property of the Darlington Trust Company in the hands of the Atlantic bank, citing the president to appear at the Superior Court of New Hanover county next week to answer upon oath what the Atlantic bank owes to the defendant and what effects of the defendant the Atlantic bank has in its keeping and had at the time of the serving of the attachment and what effects or debts of the defendant there are in any other and what person to the president's knowledge and belief.

Cashier McCord was accompanied to Wilmington by Attorney Jno. L. Tye, of Atlanta. It is understood the Atlanta bank has also attached some funds of the Darlington Trust Co., in a bank at Spartanburg, S. C.

DROWNED NEAR TARBORO.

White Riverman Started to Swim and Seized With Cramp.

Tarboro, N. C., July 19.—Ed. Lewis, a white man fifty-five years of age, was drowned in Tar river, just above the county bridge early this morning. Mr. Lewis who had been working on a raft of wood attempted to swim across the river and is supposed to have been seized with cramp or stricken with heart failure when within a few feet of the opposite shore. The body was not recovered until this afternoon.

HIS INDENTITY DISCOVERED.

Man Who Predicted Dire Things for Wilmington Has Gone.

The identity of the evil prophet who informed a number of leading citizens by postal card Tuesday that on yesterday, the Lord would cause the water "in and about the City of Wilmington to appear as blood," has been established. He is an itinerant preacher, heavily bewhiskered, who came to Wilmington a few weeks ago, professing to be a converted professional gambler, and called to the ministry. His failure, perhaps, to obtain an audience in any Wilmington church doubtless had to do with his evil prophecy about the city. Benpamin Harper, subscribing himself a "servant of God," is the name he gave here. He evidently had little confidence in his prediction, for on the night before the wonderful transformation was to take place, he left for Durham, N. C. He was entertained from "pillar to post," while in the city, kind hearted people having taken him in here and there because of his professions of faith.

To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

AN ENGLISH VIEW OF COTTON.

What is the outlook for cotton? The world requires annually not less than 12,000,000 bales of American cotton, and that shows us that there will continue to be a healthy demand for the South's valuable product. That is not all. The manufacturers report that there is a good demand for manufactured cottons and that means that the manufacturers are bound to have the raw material. We should say, altogether the outlook for the cotton planter is good.

The cotton situation in England is favorable for a continued demand for cotton. We find in the Charlotte Observer of yesterday a letter from a well known English firm which gives us some idea of the prosperity of cotton manufacturing there. The letter is from Hornby, Hemellryk & Co., well known Liverpool cotton brokers to a correspondent of their house at Charlotte. Their letter says in part:

"Since we wrote you on the 23d ult., our market has passed through a period of excitement, approximating that of the Sully collapse, the whole hinging on the bureau report of Monday.

"Everyone expected a condition of about 82 per cent., as, according to the weekly report and private advices, the crop certainly appeared to have improved since the June report. When the report came out with only 77 per cent., the excitement was intense, our market following New York on Tuesday with an advance of 0.65 to 0.67d. Basing ourselves on the bureau report, which seems to us the only neutral and independent authority, to our minds the crop indicated is 10,700,000, but let us take a conservative view and say 11,000,000.

"What have we on the other hand? We have, as before pointed out, an immense demand for cloth and yarns, which will probably continue for the next 18 months, in order to make up for past economy, and the under production of the last four or five years, when mills were working at short time, sometimes stopping altogether, etc., etc., and in view of this, we should say that we shall want at any rate 12,000,000 next year to keep prices under 5d. For the past four or five years consumers have, in the very remotest bazaars, abstained from buying, always in the hope of a larger crop, and lower prices, the following year, but each time they have been doomed to disappointment. Now, however, has come the time when they can wait no longer. They have bought, and they must go on buying, first, to fill their deficit, and then to have a surplus.

"Never in our history—and our senior easily recalls the American war of 1860-'64—can we remember Manchester to have been so profitably engaged as now. New mills are being built, old ones extended, and consumption is increasing by leaps and bounds. There is no question as to whether consumption can be stopped by higher prices. In the present instance the contracts to spinners and weavers have already been made—actually concluded for a very long time ahead, and further—and the cotton has to go to those mills which have been making contracts. We therefore look for higher prices in the long run.

"As regards Egyptian, it has followed your staple in advancing, but not in nearly the same ratio, which is as we predicted. Prices are about 30 points higher on the week. The position of the Egyptian market is, however, in itself a much better one. There is an extremely small choice of tenderable cotton, both in Alexandria and here, whereas there is an excellent demand on the spot, and there remains still a very large short interest in July. We therefore expect Egyptian cotton to continue to follow your staple in its upward course, only to a less extent."

It is hardly to be supposed that the cotton manufacturers of the United States are less prosperous than the English manufacturers. We are inclined to think that cotton is going to continue to be an important factor in the prosperity of the South, if our growers will keep level heads and stick to their organization, the Southern Cotton Association.

LYNCHERS CONGRATULATED.

In Sumter county, S. C. a few days ago a mob made a desperate attempt to lynch a negro charged with a nameless crime. The negro had a narrow escape, and it would appear that he would be the subject of congratulation but the Charleston News and Courier makes a splendid point in congratulating the would-be lynchers because it saved them from the stain of mob-murder. Says our Charleston comtemporary:

"A negro in Sumter county narrowly escaped being lynched, but the citizens who so narrowly escaped the guilt of lynching are much more to be congratulated. It appears that they are indebted to a brave and well balanced, law-abiding citizen named William Reames, and a few others, for the blessing of freedom from blood-guiltiness."

While this subject is up we find in another editorial in the News and Courier food for thought for the mass of colored people generally. Here it is:

"Before the incisive candor of Governor D. H. Chamberlian the disingenuous arguments of the apologists for negro brutality quickly come to naught. Assuming that lynchings have been the result of rapes, Governor Chamberlain arrives at the conclusion that the effect will continue as long as the cause exists. He reiterates his charge that the negroes themselves have made no adequate, concerted effort to stamp out the evil which has begotten so many others. Forgetful of the fact that their race has given the white race provocation for anger such as one people has seldom or never had to endure from another, they content themselves with clamorous lamentations against the vengeance which their sins are taking upon themselves. It cannot be successfully denied that Governor Chamberlain has struck at the root of the matter."

CURRENT COMMENT.

—Of course, honesty is still the best policy, but it surely has to hustle these days to prove it.—News and Courier

—China should remember that in peacemaking, as on some other occasions, two are company and three a crowd.—New York Tribune.

—Let us hope that Mr. Root will not he so lavishly extolled that even he will get to thinking that he is "the whole shooting match."—Cincinnati Enquirer.

—President Harvie Jordan and Secretary Cheatham of the Southern Cotton Association struck a rich vein of notoriety when they fixed on that cotton leak situation.—Charleston Post.

—If the Hon. Clark Howell and the Hon. Hoke Smith are to be believed, Georgia is in a pretty fair way to have a Governor she ought to be ashamed of.—Charleston News and Courier.

—Judge Purdy has taken steps to have the negroes accused of attempted assault given a prompt trial, and that no doubt had much to do with allaying public feeling. As we understand an attempt to rape is punishable by life imprisonment. Public sentiment undoubtely demands death as the penalty, as has been shown in many instances. Possibly with quick trials and the infliction of the death penalty for the guilty, there might be less lynching for the crime.—Columbia Record.

—It is likely that after the effect of the leak in the Agricultural Department blows over the opposition to reports on crops as now made will diminish and the estimates continue to be issued. While at present, the government figures are somewhat at a discount, they have heretofore been regarded as the most accurate estimates available, just as government census figures are taken as the standard. If there is, as has been asserted, no reason for the government making these reports, they should be abolished, but the recently-unearthed scandal in the Agriculaural Department should have nothing to do with the matter, no more than should a scandal in any other branch of the government service operate to put that particular division out of business.—Charlotte Observer.

—The story given out some time ago that Republican State Chairman Rollins and Congressman Blackburn had agreed on the distribution of Federal patronage in this end of the State is reiterated from Washington. The matter of offices being settled, the outsider naturally wondered what they were fighting about and why they continued to issue statements anent the daily newspapers which they claim they are going to issue from Greensboro. The answer to this is made clear in the statement that the fight is for the control of the State organization and the election of delegates to the national convention three years hence. So the fight is really over the offices after all. Having agreed as to the distribution of what is available, they are now contending for vantage ground as to possible future spoils. Great, isn't it?—Statesville Landmark.

COTTON MARKETS.

New York, July 19.—The cotton market opened firm at an advance of 7 to 17 points in response to firmer cables, which, due to come 5 to 7 points lower, were 1 to 2 point higher at the hour of the local opening, owing, it was said, to American and Egyptian buying orders in a narrow market. There was heavy selling here at the opening, chiefly through wire and commission houses with Southern connections and shortly after the opening prices reacted to within 3 to 5 points of last night's finals. This was followed, however, by a strong advance on renewed bull support and a withdrawal of offerings following reports of rains in the central valley and the market during the balance of the session ruled very nervous but generally firm, the feature being the increased opposition met by prices as they approached or sold a litle over 11c for October. The market was finally steady within 3 to 4 points of the best at a net advance of 21 to 27 points. Sales were estimated at 500,000.

DANGER IN DELAY

Kidney Diseases Are Too Dangerous for Wilmington People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Wilmington.

J. A. White, electrician for the Coast Line Railroad, at Rocky Mount, formerly residing at 206 North Sixth street, says: "I have had great trouble with my back, righ across the loins, and when I sat still for awhile I hardly knew how to move and when I did you would think I was seventy-five years old. There were pains all over me, and I could not tell where they were to strike me. I used liniments and lots of remedies, but nothing did me any permanent good until I procured Doan's Kidney Pills at Bellamy's drug store, and used them. They helped me in a very short time and seemed almost to oil up by joints; in fact, I have not had the pains since I used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SPIRITS TURPENTINE.

—Governor Glenn has respited till September 2, J. W. Hammons, a white man, who was to have been hanged today at Winston-Salem for wife murder.

—Charlotte Chronicle: The recent flood in the Catawba is said to have rivaled the great freshet of 1891. It is to be noted that the business of the power plant was not interfered with in the least.

—All previous records were broken as to the crowds at the Atlantic Hotel, Morehead City, last Sunday, that being the banner day. Manager Gresham had over 30 0guests registered, making his total for dinner 1,290.

—Mocksville Courier July 13th: Mrs. Nail, the mother of Thomas Nail, celebrated her one hundredth birthday last Sunday. Quite a large number of freinds and relatives met at the house of Mr. W. F. Nail, grandson of Mrs. Nail, with whom she makes her home, in commemoration of the event, and spent a very enjoyable day.

—Mrs. Alice Fowler, rural mail carrier on a route from Burlington, was driving near the railroad Tuesday in her mail delivery wagon when her horse became frightened at a passing train near Elon College and ran away, turning the wagon over and inflicting very painful injuries on Mrs. Fowler. She was badly bruised about the face and head and had one finger broken.

—The Whitaker-Harvey Company, large plug tobacco manufacturers of Winston-Salem, on Tuesday advertised for bids for a large addition to their building, which will enable them to double their capacity. The addition is to be a three-story brick structure, 50x60 feet. With this increase in capacity this firm will have an annual output of one million pounds of plug tobacco.

—At Winston-Salem during a baseball game at Airview Park, between two colored teams Tuesday afternoon about 5:30 o'clock, lightning struck near the grand-stand, which was occupied by some 500 people, stunning two negroes, Will Harris and Arthur Palmer, the former seriously. No other damage resulted. Governor Glenn was in the grand-stand, but was not shocked.

—Mrs. W. G. Harper, the wife of a young and prominent farmer living about five miles from Nashville, Nash county, fell into a well Friday and was killed. No one knows exactly how it happened, as no one saw her fall, but it is supposed that she was standing on the curbing of the well adjusting the rope when he foot slipped, causing her to fall in. This is the most plausible conclusion.

—News comes from Greensboro that a new biulding under way there is being built especially for Congressman Blackburn's Tar Heel paper, that the paper will appear October 1st, will be 12 pages, issued seven days in the week, and that Col. W. S. Pearson will be editor-in-chief. It is also stated that the other Republican daily, the Industrial News, will appear two months earlier with Cyrus Thompson and R. .D Douglas as editors.

—Gastonia News: The usual sight of a woman digging a grave was seen at the colored cemetery near the Old Mill Friday afternoon. A colored child died and the parents were too poor to provide anything towards the burial. The town furnished the coffin and the men in that section of town were all at work, or those who were not at work are the class who wear overalls and rub clay over their clothes to prevent being taken up for vagrancy, and the women took the tools in hand and proceeded to bury the child.

—Mr. J. Plummer Wiggs, of Shelby, has purchased his entire outfit from Mr. M. G. McKenzie, editor of the Scottish Chief, of Maxton, and will assume the management of the paper at once. Mr. Wiggins is an experienced newspaper man, having owned this paper several years ago. Since then he has conducted papers at Laurinburg and Shelby, and will no doubt push the Scottish Chief to a success, as he has always done. Mr. McKenzie has been re-appointed census taker for the cotton-ginners of Robeson county.

Gastonia Gazette: Just as our bosoms swell with gallant admiration of the girl heroime, Miss Gibson by name, who saved so many lives by flagging down the train near Old Fort, and our hearts are subdued by the noble emotions inspired by the information that the Southern Railway will give her an education—the thing for which her struggling young soul has yearned these many years—just as these delightful things happen, we are called upon to read that she's married and has instituted divorce proceedings to deprive her hubby of his matrimonial right of way! Verily, there's nothing true but heaven—and that seems mighty far away sometimes.

—Sculptor Packer now at Raleigh is at work on the statue of Ensign Worth Bagley at his rooms in the Yarborough House. He will make the life-size model in clay and submit it to the family in about two weeks, and, if it is accepted, he will go to New York and make the other, from which the Gorham Company will make the bronze castings. Mr. Davie Bagley, of the navy, a brother of Ensign Bagley, will pose for the figure, his figure being being very much like that of Ensign Bagley. The face and head will be modeled from several photographs. The statue will stand seven feet high and will be on a much-used walk-way in the capitol square, between the Washington statue and Confederate monument; will face northeast and will be upon a base of granite of proper height. The cost will be $3,800, which is the sum in hand. Upon the base there will be an anchor in bronze.

—Maxton is decidedly the greatest cantaloupe shipping point in the State. Up to last Saturday there had been shipped from there an average of six car-lods per day since the season began. Saturday alone there were loaded and shipped 12 cars, averaging nearly 500 to the car. The prices have ranged from $1,25 to $2.50 per crate and all the growers had a good yield and are pleased with the crop and the profits. The seasons, as a rule, are suited to cantaloupe growing in the soil around Maxton and a failure is rare. The total yield will bring in over $50,000. This means a great deal to Maxton and the people who engage in raising these products, and the industry is now only in its infancy. The culture of such profitable crops has enhanced the value of property and it is still advancing. Not only is the soil most suitable for such, but the shipping facilities are great, being the intersection of the Atlantic Coast Line and Seaboard Air Line systems.

WARM WIRELETS.

A cable from Paris says: The foreign ministry is considering the question of despatching a French squadron to participate in the funeral ceremonies for Admiral John Paul Jones at Annapolis.

At Boston yesterday it was announced by Secretary C. J. H. Woodbury, of the New England Cotton Manufacturers' Association, that the seventy-ninth annual meeting of the association would be held at Atlantic City, September 20th-21st.

Senator Clark who underwent a surgical operation last week, suffered considerable yesterday from the excessive heat. His temperature rose slightly as a result of hot weather. This is not regarded as reason for anxiety, however, and his condition otherwise was very favorable to the physician.

The speedy New York trotting Gelding Tiverton, 2:04 1-2 easily defeated Sweet Marie, 2: 04 3-4 in a $5,000 match race on the track of the Belmont driving club at Philadelphia yesterday. Tiverton won in two straight heats. Time 2:10 1-2; 2:07 3-4. About 5,000 persons saw the two grand circuit stars race.

Chairman Paul Morton of the Equitable Life Assurance Society, of New York, yesterday summarily removed as comptroller T. D. Jordan and appointed in his stead Wm. A. Day, assistant attorney general of the United States. Chairman Morton gave out a statement in which he said: "The reason for Mr. Jordan's removal was his refusal to furnish me information regarding important transactions of the Society, which I am investigating."

To-day at Cleveland, O., the national baseball commission will meet to consider charges against Howard C. Griffith, of the Jersey City, N. J., club. Griffith's is a member of the executive committee of the National Association of Professional Clubs. He is charged with attempting to form an organization among five of the strongest of the minor leagues for the purpose waging war on the American League, and it is on this that Johnson bases his charges.

At New York yesterday the body of Mrs. Mary Carlton, whose husband, Frederick E. Carlton, is in prison charged with grand larceny, was exhumed for medical examination as to the cause of death. Mrs. Mary Carlton was the second wife of Frederick Carlton and died of tetanus only a short time after his first wife had died of the same disease. Both women were insured in Carlton's favor. The medical examination of the woman's body will be completed within about ten days.

Geo. Wright, city passenger and ticket agent at Rome, Ga., for the Southern Railway, was shot and killed yesterday by Vince Sanford. Sanford refuses to talk, and the cause of the tragedy is not known. Mrs. Wright is prostrated. She was ill yesterday, and the killing of her husband it is feared will cause her death. Late last night the grand jury which has been in session returned a true bill charging murder to Sanford. Acting under advice of his attorneys, Sanford continues silent. The only statement he has made is that, "He has ruined my home and have killed him. I would do the same thing again."

NEW YORK SOCIETY BLACKMAIL.

Mrs. Collis P. Huntington Paid More Than $1,500 for Book.

By Wire to The Morning Star.

New York, July 19.—The books of Town Topics Company, in so far as they deal with the book on American society entitled Fads and Fancies, which was sold by subscription and on which the publishers realized approximately $200,000, will be examined by representatives of the District Attorney's office, no matter what opposition is made to such a step. This announcement was made to-day by Assistant District Attorney Gans after he had a conference with Assistant District Attorney Krotel, who is in charge of the investigation of the affair, which is being made by the district attorney's office.

"It is absolutely for the ends of justice that we make a full examination of the books in connection with "Fads and Fancies," said Mr. Gans, "and we will do so, no matter how much we are opposed. This matter is going to be probed thoroughly no matter who it hits, or how exalted his social or other standing."

When Mr. Kroetel examined the books of the Town Topics Company, he was refused permission to inspect some of the entries having to do with the book Fads and Fancies. He learned, however, he said, that while the regular subscription price for the book was $1,500, several persons paid larger sums. Among those was Mrs. Collis P. Huntington. Mr. Kroetel said today, that if it is possible to reach Mrs. Huntington, she will be asked to testify as to the condition under which she paid so much more than the regular subscription price.

That the District Attorney is determined to question other prominent persons in addition to Mrs. Huntington with regard to the subscriptions for Fads and Fancies was shown today when subpoenas were issued for former Judge Elbert H. Gary, chairman of the executive committee of the United States Steel Corporation, and Giovanni Morosini, a wealthy banker. Neither subpoena had been served to-day.

Announcement was made to-night that among the subscription to Fads and Fancies were those of John Jacob Astor, Clarence H. MacKay and Senator Chauncey M. Depew for $2,500 each, and Perry Belmont for $1,500.

GREENE-GAYNOR EXTRADITION.

Defaulters Playing Game of Delay Throughout.

By Wire to The Morning Star.

Washington, D. C., July 19.—Solicitor General Hoyt has received a cable message from Donald McMaster the special Canadian Counsel representing the government in the extradition proceedings against Greene and Gaynor, saying that their counsel are trying to postpone the procedings before the Privy Council of England, but that he hopes to prevent this being done. The government is aware that the free fight is one of delay, and Mr. McMaster has received fresh instructions to fight every move that means delay in getting the two men into the United States.

THE JAPANESE DOUBT RUSSIA

Signs That Russia is Not Sincere In Her Desire for Peace

TO REINFORCE LINEVITCH

Russian Army Officer Boasts That Japanese Are Powerless to Force Fighting In Manchuria—Peace Envoy on the Way.

By Cable to The Morning Star.

Headquarters of the Russian Army, Godzyadani, Manchuria, July 19.—In conversation with a correspondent of the Associated Press regarding the present military situation, Gen. Batjanoff, commander of the Third Manchurian Army, to-day adopted a most optimistic tone. He declared the Japanese were unable to advance, both on account of the strengthening of the Russian positions, and because they have not fully recovered from their own losses at the battle of Mukden. He concluded:

"Never during the whole war has the Russian army been so strong in every respect as at present. The Japanese know this, and therefore they wish for peace."

Fighting on Sakhalin Island.

Tokio, July 19.—Noon.—Vice Admiral Kamura reports that his fleet of torpedo destroyers was shelled by the Russian at Yukawan, the attacking force numbering about 200. The flotilla replied and silenced the Russians, after which cavalry was discovered retiring and was shelled. The flotila also discovered a Russian cavalry patrol at Sunshin and turned its fire upon them. The cruiser Chihaya shelled the Russian guard and signal men posted on a hill north of Geka.

Linevitch to Be Reinforced.

Tokio, July 19.—It is believed that Emperor Nicholas recently sent an encouraging message to General Linevitch promising him men, provisions and other necessaries for attaining an ultimate victory. It is also reported that the Russian Emperor recently ordered the mobilization of four army corps. This fact taken in connection with the reported limitation of M. Witte's power as chief peace plenipotentiary is deemed to be a sign that Russia is not sincere in her expressed desire for peace.

Heavy seas are still raging off the coast of the Island of Sakhalin, and the reports of the Japanese operations there are not expected in the near future.

M. Witte's Popularity.

St. Petersburg, July 19.—M. Witte's departure for Paris to-day, while a very democratic affair, nevertheless was an occasion for a demonstration in his honor. The compartment occupied by the Russian plenipotentiary was filled with flowers and the platform of the station was crowded with friends, who bade him farewell and good luck in the great mission before him. The whole affair was a testimonial of the strength of M. Witte's personal following.

Japan's Envoy Arrives.

Seattle, Wash., July 19.—The steamer Minnesota with Baron Komura on board, passed Tatoosh Island at 5 o'clock this afternoon. She will arrive at Port Townsend about 11 o'clock and will probably remain there to-night.

MURDER OF CARTER CHILDREN.

Strong Circumstantial Evidence Against the Rawlings.

By Wire to The Morning Star.

Valdosta, Ga., July 19.—In the trial of Milton Rogers charged with the assassination of the Carter children Mrs. W. L. Carter testified today and she was followed by her daughter, Cora Carter, both of whom corborated the evidence of W. L. Carter, giving all the details of the tragedy.

Mrs. Ella Jones, who lives between the Carter and Rawling's homes, testified that on the night of the killing when the shots were fired she heard the women screaming at the Rawlings home as well as the home of the Carters. A half dozen witnesses were introduced to corroborate different details in the testimony of the main witnesses who had testified. Several witnesses told of the tracks which came from Rawlings field to the Carter homestead on the night of the tragedy and of the pecularities of these tracks. Witnesses stated that they were made by old shoes without heels. When the Rawlings boys were arrested the next day it is asserted that they had on shoes of this kind.

Cashier Blitch, of the First National Bank, testified to loaning Rawlings $110, the morning after the tragedy and before the report reached this city. Rawlings was waiting at the bank when he reached there and was in a hurry. The State rested its case.

CHINESE BOYCOTT BEGINS.

It May Not Be Serious Except in Two Cities.

By Wire to The Morning Star.

Washington, July 19.—A cablegram received by the State Department from trade guilds in five ports, Shanghai, against American goods commenced to-day. Every effort was made to allay the agitation which, it is said, is a part of the retaliation of the Chinese against the exclusion laws of the United States.

The State Department has been informed by the consuls that the proposed boycott was organized by the trade guilds in five ports, Shang Hai, Canton, Tien Tsin, Honkow, and New Chwang. It is believed the boycott will not be successful or do any particular injury to American goods, except in the cities of Canton and Shanghai, where the guilds are stronger than elsewhere.

LIGHTNING CAUSED EXPLOSION.

Five Men Blown to Pieces in Powder House.

Des Moines, Ia., July 19.—Five miners were literally blown to pieces by the explosions of dynamite in a storage powder house in the West River Coal Mine, two miles west of the city, this morning. Heads, arms and legs were scattered around for a distance of 500 feet. No one knew of the explosion until the day shift came to work. The men killed were engaged in sinking a new shaft, and during the early morning hour a severe rainstorm came up, which compelled them to stop work.

BUREAU OF STATISTICS IS TO BE REORGANIZED

Assistant Secretary Hays Takes Charge and Have a Free Hand by President's Order.

By Wire to the Morning Star.

Washington, July 19.—Assistant Secretary of Agriculture Willet N. Hays has taken hold of the affairs of the bureau of statistics, with instructions from Secretary Wilson, approved by President Roosevelt, to cleanse the bureau of the stigma left by the cotton leak scandal. His authority is unlimited. He has been told that he may have whatever clerical force he needs and if there are any employes whose services he thinks should be dispensed with, they will be discharged. It is regarded as extremely likely there will be a complete reorganization of the force employed in the statistical department as well as a thorough revision of the orders governing the monthly crop reports, the latter having already been outlined in a circular issued by Secretary Wilson.

In that regard Secretary Wilson said today that hereafter if there are accusations against the integrity of the bureau it must be directed against himself or Assistant Secretary Hays, as he has no intention of allowing any other person access to information that might be used in stock jobbing.

Mr. Hays will be in charge of the bureau until after Congress assembles, as it is believed that a competent man to take the place after Mr. Hyde, who resigned yesterday as chief statistician, cannot be had for the salary paid by the government, $3,500 a year. Congress will be asked to increase the salary and it is the intention of Secretary Wilson to place in charge a man whose ability has been established, but one who has no connection with statistical bureaus attached to stock brokerage offices. Whoever is appointed will first be approved by the President.

A rumor has been circulated that when Congress assembles a movement will be started to have the crop gathering bureaus transferred to the Department of Commerce and Labor in order to secure a more complete organization.

Senator Dolliver, of Iowa, a warm personal friend of Secretary Wilson, is slated for the chairmanship of the Senate Comittee on Agriculture. He has made a study of the methods of crop reporting and it is known that he is opposed unutterably to any change of the character suggested.

MURDERER COMMITS SUICIDE.

Hung Himself To Keep From Being Executed.

By Wire to the Morning Star.

St. Paul, Minn., July 19.—Edward Gottschalk, under sentence to be hanged on August 8, committed suicide today by hanging. The prisoner had torn a piece of ticking from his bed, wound it tightly around his neck, fastened it to a hook in the wall of the cell, raised himself from the floor and strangled to death. One day in February last, Christian Schnidelker, a butcher, was murdered in his shop on a prominent business street. The body was literally hacked to pieces with a cleaver. Suspicion fell upon Gottschalk and a young fellow named Jos. Hartmann. Gottschalk was arrested but strenuously maintained his innocence, declaring that he would be able to prove it if Hartmann were found. On the day on which Gottschalk was held to the grand jury the body of Hartmann, heavily weighted with iron, was found in the Mississippi river. Hartmann's skull had been crushed. Gottschalk was placed on trial on a charge of murdering Hartmann, and when the case came up in court, changed his plea of not guilty and confessed to the murder of Hartmann.

THE EQUITABLE SOCIETY.

Believed That Present Plan Will Not Give Satisfaction.

By Wire to The Morning Star.

New York, July 19.—Expressing the belief that the present trustee arrangement for the control of the Equitable Life Assurance Society may only very temporarily satisfy the policyholders or the public, and a real solution of the Society's differences has not been reached, George Westinghouse has suggested a new plan for stock control of the Society by 5,000 policyholders.

The proposition is that the Society's stock shall consist of 5,000 shares of $200 each instead of 1,000 shares of $100 each; that one of these shares shall be sold to each of the 5,000 largest policyholders, and that only policyholders shall become directors. Mr. Westinghouse said:

"I believe that plan would result in the selection of 5,000 of the most influential policyholders as candiates for the position of directors and would tend greatly to strengthen the society in the estimation of he public.

JUSTICE HOOKER'S CASE.

Impeachment Will Be Decided To-day.

By Wire to the Morning Star.

Albany, N. Y., July 19.—The fate of Warren B. Hooker, of Fredonia, so far as concerned his office as a Justice of the Supreme Court in the eighth judicial district, and incidentally his place upon the bench by the members of the two houses of the State Legislature, almost certainly will be decided tomorrow. The joint session before which he has been having the "hearing" guaranteed by the State constitution, dissolved about 6:15 tonight with the close of the argument of counsel for and against his removal.

The joint session today finally dropped the investigation of the allegation of the New York Press that improper influences had been at work in aid of Justice Hooker.

Vice-President—Miss Willette Allen, of Atlanta, Ga.

HEAT CLAIMS MANY VICTIMS

Deaths in New York Alone Yesterday Numbered Seventy-Five Persons

HUNDREDS ARE PROSTRATED

Crazed by the Weather Woman Stabs Her Own Child—Many Children Suffered—Temperatures and Fatalities Elsewhere.

By Wire to the Morning Star.

New York, July 19.—While the record of deaths and prostrations greatly exceeds that of yesterday there was a distinct diminution today in the temperature prevailing throughout the eastern section of the country. Although the midday heat was everywhere terrific, it was broken by scattered thunderstorms, many of a very violent character, and towards evening the temperature fell rapidly, until normal Summer conditions were reached.

In New York the highest temperature recorded was 95, one degree lower than that of yesterday, when the highest record of the season was reached.

Philadelphia reported a slightly higher maximum range and in other cities the highest point of yesterday was not touched while everywhere a sharp fall was noticed, beginning early in the afternoon.

Following are the maximum temperatures and the deaths and prostrations from the effects of the heat:

City.	Max Tem.	Dths.	Pros.
New York	95	75	167
Philadelphia	95.8	10	40
Baltimore	92 12	4	19
Washington	92	1	14
Pittsburg	87	5	6
Boston	94	1	25
Buffalo	76	..	..

The accumulative effect of the torridity of these days was painfully evident in the enormous increase of the number of deaths in New York. While the death roll of yesterday was only 26, that of today reached the appalling total of 75, being nearly half of those prostrated. This was almost entirely due to collapse of young children and aged persons, whose exhausted vitality was unequal to the strain of further suffering.

After a night of sweltering heat, spent by thousands in the streets, in the public parks, on piers along the river front, and in every vacant place that promised a breath of air, the conditions that confronted the people of New York this morning were terrifying. The sun rose in a cloudless sky and hour after hour the heat grew more intense. Every ambulance was kept busy and by noon the hospitals were crowded with sufferers.

At 3 o'clock in the afternoon came the long prayed relief when a terrific thunderstorm and a deluge of rain burst over Brooklyn and the lower part of Manhattan and sections of New Jersey. In Brooklyn two men were struck by lightning and seriously hurt and in Jersey City one man was killed. While the storm lasted only a few minutes and left the upper part of the city untouched, the relief was almost instantaneous, and from then on the mercury fell steadily and a cool breeze springing up after sundown gave assurance of a comfortable night.

Even the seashore resorts in the vicinity of New York did not escape the heat and many prostrations occurred among the thousands that flocked to Coney Island and the other beaches on the Long Island shore.

Among the distressing incidents of the day was the killing of her infant in Brooklyn by a young woman who was suddenly driven insane by the heat. She stabbed the child to death and then made a vain attempt on her own life.

Leonard Sanders, a colored man, from New Haven, went mad in the public park in East 130th street and leaped into the river from the Harlem bridge. He was rescued by three boatmen after a terrific struggle, in which he upset the boat and nearly drowned his rescuers.

Several of the deaths reported were those of persons who had fallen, while asleep, from fire escapes where they were endeavoring to escape the stifling atmosphere of crowded tenements.

In order to save all who might fall into the hands of the police after court hours the torment of a night in the station house cells, the police magistrates made arrangements to accept bail for prisoners at any hour during the night during the continuance of the heat.

The suffering among animals during the day was intense, hundreds of horses, many of which died, being prostrated. An extraordinary mortality among dogs and cats, of which hundreds of bodies were picked up in the streets, were reported by the police.

Throughout New York State severe thunderstorms with rain and winds, served to moderate the heat.

One man was killed and two were injured in Troy by the collapse of a roof at the Burden Iron Works during the storm.

Six deaths due to heat and thirty prostrations were reported in Connecticut. In Boston no deaths, due to heat, was reported.

Nine Dead In Chicago.

Chicago, July 19.—Nine deaths were reported as a result of the heat today, notwithstanding a lake breeze which tempered the sun's glare.

NEW SECRETARY OF STATE.

Elihu Root Sworn In—Takes Up Venezuelan Case.

By Wire to The Morning Star.

Washington, July 19.—Elihu Root, of New York, was sworn in as Secretary of State today soon after 10 o'clock. The oath was administered by William McNeir, assistant librarian of the State Department. Secretary Root devoted the day at the State Department to the consideration of the Venezuelian question. With Solicitor Penfield and Minister Russel of Venezuela, and William J. Calhoun, recently designated by President Roosevelt to investigate the case of the asphalt claims and concessions, the Secretary went over the documents and papers on file in the Department with a view of formulating definite instructions to the special commissioner. Commissioner Calhoun will have to gather additional information in Washington and New York before he is fully equipped to perform the mission for which he has been selected.

GEMSTVO CONGRESS RAIDED BY POLICE

Meeting Was Forbidden But Congress Proceeded—Cries of Defiance Against the Government.

By Cable to The Morning Star.

Moscow, July 19.—The Zemstvo Congress opened at midday today in the residence of Prince Dolgoruloff.

M. Golovine, president of the organizing committee, had barely started with a statement dealing with the obstacles placed in the way of the congress, announcing that Governor General Kozloff had promised that there would be no recourse to extreme measures, when the chief of police with other commisaries and officials entered the room. The chief stated that the prefect had prohibited the meeting of the congress and ordered the seizure of the documents. Count Heiden protested against the proceedings but the chief of police began taking the names of the delegates. Then cries of "Write down the whole of Russia." The police then departed in order to draw up a summons and the sitting was resumed.

Numerous resolutions embodying criticisms of the Bouligin scheme were adopted as were also resolutions complaining of excessive administrative and podice control of elections and insisting that publicity be given to the proceedings of the proposed assembly.

SINGULAR SUIT AGAINST WIFE.

Wealthy Woman Was Divorced to Marry Another Man.

By Cable to The Morning Star.

Edinburg, July 19.—Singular documents were submitted today in the suit of Nathaniel Gibbs Ingraham, formerly of New York, against his wife, formerly Edyth Newcomb Ward, now pending before the court here. Mr. Ingraham asks that his wife be ordered to carry out their ante-nuptial settlement under which he claims he is entitled to $1,500 a year, and also claims $4,000 a year by virtue of a bond granted in his favor. The wife contends that the contract and bond were obtained by fraud. She alleges that after her separation from her first husband, Reginald H. Ward, the plaintiff induced her by various insidious devices like fortune telling to institute divorce against Ward and also induced her husband to consent to the proceedings. Mr. and Mrs. Ward were divorced in 1903 and Mrs. Ward then married Ingraham. Before the marriage Mrs. Ward says she was taken to a lawyer's office and induced to sign an ante-nuptial settlement contract without reading the papers or knowing what they contained. The plaintiff says the defendant proffered marriage to him first and he declined but afterwards consented to please her as she was in poor health.

Mrs. Ward was Miss Edyth Newcomb, of Kentucky, daughter of H. Victor Newcomb, at one time an important factor in Wall street.

ATTEMPTS AT ASSASSINATION.

Bombs Thrown at Two Officials—Neither Killed.

By Cable to The Morning Star.

Helsignord, Finland, July 19.—Late this afternoon two hours after Karl Leonard Rohenthal had been sentenced to imprisonment for life at hard labor for the assassination of Procurator General Soisalon Soininen, on February 6th, last, an attempt was made to assassinate Vice Governor Deutrich as he was leaving the Senate.

The Vice Governor had walked across the square when suddenly as he neared the police master's office, a man on the curb threw a bomb from a distance of fifty paces. The bomb fell short, but the Vice Governor was blown off his feet by the terrific force of the explosion, which shattered the windows in the neighborhood for a distance of hundreds of yards.

Vice Governor Deutrich was hastily assisted to the police station. He was burned and otherwise injured about the legs and bled profusely, but his wounds are declared not to be fatal.

The bomb thrower was pursued by naval cadets, but escaped.

St. Petersburg, July 19.—It is reported that an attempt on the life of Constantine, Pobiedonostseff Chief Procurator of the Holy Synod as he was alighting from a train to-day, was frustrated by the prompt seizure of the would-be assassin.

St. Petersburg, July 19.—A substantial story of an attempt on the life of Constantine Petrovitch Pobiedonostseff, chief procurator of the Holy Synod, is current in St. Petersburg tonight, but the Associated Press is unable to obtain confirmation of it. The authorities, even the police at the Tsarskoeff railroad station where the attempt is reported to have been made, disclaim all knowledge of any such happening.

According to the report as M. Pobiedonostseff stepped from one of the coaches on the train from Tsarskoehsff where he is residing during the Summer, to the platform, a man about 28 years old, rushed up with a revolver in his hand but he was seized by a quick witted passenger before he could shoot and was turned over to the police.

FORMER CONGRESSMAN FINED.

General Funston's Father Found Guilty of Disorderly Conduct.

By Wire to The Morning Star.

Iola, Kas., July 19.—E. H. Funston, former Congressman from this district and father of General Frederick Funston, was to-day in police court found guilty of disturbing the peace, and with having carried concealed weapons. He was fined $5 on each charge and the costs of the suits were charged against him, making a total of $31.55.

The charges against Funston grew out of the wrecking by dynamite by a temperance fanatic on July 10th of three Iola saloons. The explosion followed an agitation against the saloons, in which Gocernor Hoch was appealed to in an effort to secure the enforcement of the State prohibition law. Intense excitement followed the act of the dynamite, and for three days the city was crowded with people who came from other places in the State to view the wreckage and hunt for the dynamite. During the height of the excitement, Funston, it was charged had made inflammatory utterances to crowds that gathered about him on the streets. When patrolman Cannon tried to pursuade Funston to desist a quarrel between the two men occurred, and Funston, it was alleged, attemped to draw a revolver. Funston was arrested and formal charge made against him, after which he was released upon his own recognizance.
